

ENVIRONMENTAL POLICY

Industrial Coating Services Limited (ICS) operates throughout the UK, providing specialist services in surface preparation and application of protective and decorative coatings within a variety of sectors including utility, railway, highways, local authorities and construction.

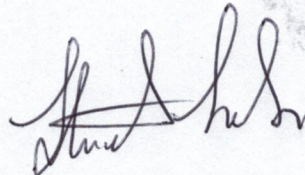

ICS recognises its responsibility towards the environment that through our activities and operations, there could be the potential to cause harm to the environment.

The Company commits to:

- Comply with all applicable legislation and regulatory controls as determined by the environmental aspects and impacts register and fulfil all compliance obligations.
- Consider environmental aspects at all stages of works to minimise environmental impact and prevent pollution and notably when working in sensitive habitats & around watercourses.
- Reduce waste and manage any waste correctly, in adherence with current legislation and the waste hierarchy across all sites and office location.
- Minimise the environmental impact for the lifecycle (including disposal) of all paint, plant, equipment and other physical assets under our control.
- Set and publish clear environmental objectives and targets to ensure continual improvement and monitor performance.
- Have the necessary arrangements in place to control abnormal and emergency situations.
- Communicate the environmental policy with employees, sub-contractors, suppliers and interested parties to promote environmental awareness, to gain their support to meet our objectives.

The Environmental Policy is applicable to all areas of the business and has been implemented to meet the requirements of BS EN ISO 14001: 2015.

This policy statement will be reviewed as part of change planning, lessons learned, knowledge transfer, post incident and annually.

Stuart Thomson, Director
