

Industrial Coating Services Limited (ICS) operates throughout the UK, providing specialist services in surface preparation and the application of protective and decorative coatings within a variety of sectors including utilities, railways, highways, local authorities and construction.

The organisation recognises its responsibility towards the environment that through our activities and operations, there could be the potential to cause harm to the environment. To achieve this ICS has developed an integrated management system (IMS) which meets the requirements of ISO 14001.

The Company is committed to:

- The protection of the environment, including the prevention of pollution from the services it provides:
- Complying with all applicable compliance obligations.
- Continually improve its environmental performance and the performance of the environmental management system.
- The setting, monitoring and completion of established environmental objectives.
- Reducing waste in accordance with current legislation and best practice waste hierarchy controls.
- Establishing the necessary arrangements to control abnormal and emergency situations.
- Minimising the environmental impact for the lifecycle (including disposal) of all paints, plant, equipment, and other physical assets under our control.
- Identifying the environmental aspects during the planning stages of intended works to minimise environmental impact.
- The communication of the requirements of this environmental policy to all workers and interested parties.

To comply with the above requirements and ensure that our environmental management systems are fully implemented all members of staff at all levels within the organisation are actively encouraged to promote compliance through the reporting of incidents and improvement opportunities.

The Company will ensure that environmental responsibilities are effectively assigned, accepted and fulfilled at all levels. This policy statement will be reviewed as part of change planning, lessons learned, knowledge transfer, post incident and annually.
